

CHAIN OF CUSTODY CERTIFIED SUSTAINABLE PRODUCTS

Many of our products enjoy Chain of Custody certification based on the forest resource from which they come and the range is growing rapidly. Chain of Custody certification ensures that we have systems in our business to track product from the time we buy it to the moment it is delivered. We have Chain of Custody certification for a number of different Forest Certification systems, including FSC, PEFC & CSA.

Chain of Custody Certified Products currently available include:
